

Safety Plan

If an evacuation of an injured person at sea is necessary, it shall be carried out as follows:

1. If there is an incident the coach or management team will contact the Race Committee of the area.
2. The Race Committee will inquire about the seriousness of the incident.
3. The Race Committee will contact the rescue boat, medical boat and shore safety coordinator; in that order, to transfer the person/s to the evacuation point ashore (see map below).
4. The Safety Coordinator on shore will coordinate the arrival of the boat/s on shore, the transfer to the ambulance and the urgent departure of the ambulance in the Marina Rubicon.
